

Interior Design Services Included with Remodels, New Construction

Can you tell me the name of the wall color? Where can I find the bath tile? Can I use marble in the kitchen? I love the kids' wallpaper - who makes it? Some of the most frequent questions asked during the Parade of Homes each year concern finishes and furnishings.

All of the interior design for DiGiacomo Homes & Renovation is performed in-house by company co-owner Gigi DiGiacomo. Design services include finish and fixture selection and are established during the initial design phase of any project. We begin with a simple conversation aimed at learning more about your tastes and preferences; to establish the desired mood, scale, formality, brightness of the space. Based on this information, we put together a customized, budget-neutral finish palette that includes paint colors, tile, countertops, flooring, lighting, hardware, and fixtures as needed. Recommendations are made regarding the final treatment for each material. For example, whether a limestone counter is to be honed, leathered or polished. And, the best part? We do the running for you - visiting showrooms to collect samples and deliver them directly to you along with the complete finish palette.

Complimentary interior design services are offered with any remodel project or custom home.

IN THE NEWS: BATH FEATURED IN NATIONAL MAGAZINE

Kitchen + Bath Makeovers Magazine Features Recent Remodel

The national magazine, Kitchen + Bath Makeovers, featured one of our recent bath remodels in the Fall/Winter 2013 issue. The bath, [pictured on our website](#), is noted for it's broad kids appeal; it's ability to satisfy seven-year boys and 13-year-old girls alike! Homeowner Tammi Weisner is quoted in the article, saying "The colors are just perfect. Not too girly, not too masculine - just right. Now, if I could just get the kids to keep the bathroom clean, everything would be perfect!" The magazine is available now on newsstands and at your favorite Barnes and Noble bookstore.
