DESIGN/BUILD REVIEW

Volume 16: Issue 1

## Design Inspiration for a New Year

Benjamin Moore named "Simply White" its 2016 Color of the Year. We applaud this choice as a color appropriate for almost any room and any application: trim, cabinetry, walls, and furnishings. This warm white introduces a sense of calm and tranquility year-round and can be easily paired with other colors for a vibrant showing or with other creamy hues for monochromatic elegance. Visit our Remodelers Showcase project this March in Minnetonka to see how we applied Benjamin Moore's Simply White!

## EVENTS

### Remodelers Showcase: March 18-20, 2016

Thinking of remodeling? Visit us during the **2016 Spring Remodelers Showcase March 18-20** in Minnetonka. This is a great opportunity to gather ideas and to ask questions about your own project.

Company owners, Rocky and Gigi DiGiacomo will be on hand to walk you through our latest project - a cheerful main floor remodel bathed in natural sunlight and a warm, organic palette of ivory, maple, and chocolate. Designed for a family of cooks, the main floor remodel includes a dedicated "baking center," ample entertaining space, high function pantry storage, and loads of practical detailing.

In addition to the 2016 kitchen, laundry, mudroom and great-room remodel, the homeowners will be opening up several other spaces remodeled by DiGiacomo Homes 10 years prior: a dining room, library/home theater, and wood fire pizza patio! Mark your calendar - you won't want to miss this tour!
