DESIGN/BUILD REVIEW

VOLUME 16, ISSUE 7

SET YOUR THANKSGIVING TABLE QUEBÉCOIS STYLE

During a recent trip to Montreal Rocky and I stopped in several home design and furnishings boutiques. (Can you blame us?) We were truly inspired by the design taking place in the Quebecois province. So many beautiful ideas and products that have not yet made their appearance in our design community. One of our favorite new haunts is [Beige Style](#). After visiting there, we returned home anxious for the holidays and excited to set our Thanksgiving table with pieces from the [La Vienne](#) collection. We may even throw off American tradition and attempt a few recipes from [Joe Beef](#) - a well loved restaurant in the heart of Montreal known for its "French market quinine."

Join us this season - try something newly-inspired for the holidays! And, Happy Thanksgiving!
