REMODELING: RICH AUTUMN TONES FOR THE MASTER SUITE

This re-designed master bath pairs timeless finishes with universal, age-in-place function such as flush floor transitions, ADA-compliant grab-bar blocking behind shower tile, lever handles for all fixtures, dual slide-bar shower heads, and a large stone bench for drying and changing.

Interior and decorative finishes are fresh and clean (cream enamel, millwork, and walls) but grounded in natural organic textures (flamed granite counters and rusticated floor tile) and rich earth colors (chocolate stone and handmade terra cotta crackle accent tile).

Storage is integrated throughout to provide extra-deep shelving and drawers for oversized linens.
